

ASCE Journals Grouped Under Major Subjects

Construction / Materials / Legal Affairs

- Journal of Composites for Construction
- Journal of Construction Engineering and Management
- Journal of Legal Affairs and Dispute Resolution in Engineering and Construction
- Journal of Materials in Civil Engineering

Engineering Mechanics

- Journal of Engineering Mechanics
- Journal of Nanomechanics and Micromechanics

Environment and Water Resources

- Journal of Environmental Engineering
- Journal of Hazardous, Toxic & Radioactive Waste
- Journal of Hydraulic Engineering
- Journal of Hydrologic Engineering
- Journal of Irrigation and Drainage Engineering
- Journal of Water Resources Planning and Management

Geotechnical Engineering

- International Journal of Geomechanics
- Journal of Geotechnical & Geoenvironmental Engineering

Management / Professional Issues

- Leadership and Management in Engineering
- Journal of Management in Engineering
- Journal of Professional Issues in Engineering Education & Practice

Structural Engineering

- Journal of Bridge Engineering
- Practice Periodical on Structural Design and Construction
- Journal of Structural Engineering

Transportation and Urban Development

- Journal of Highway and Transportation Research and Development
- Journal of Infrastructure Systems
- Journal of Transportation Engineering
- Journal of Urban Planning and Development

Waterways, Ports, Coasts, and Oceans

- Journal of Waterway, Port, Coastal and Ocean Engineering

Other Technical Areas

- Journal of Aerospace Engineering
- Journal of Architectural Engineering
- Journal of Cold Regions Engineering
- Journal of Computing in Civil Engineering
- Journal of Energy Engineering
- Journal of Performance of Constructed Facilities
- Journal of Pipeline Systems Engineering and Practice
- Journal of Surveying Engineering

About ASCE Library

The ASCE Library is a comprehensive database covering full text of articles from its journals of interest across all disciplines of civil engineering. The Library provides access to more than 90,000 full-text of technical papers from over 35 Plus ASCE's peer reviewed journals and over 340 proceedings published - that's over 880,000 pages! Approximately 7,000 new papers are added every year.

ASCE E-books & Standards Now Available

E-books and standards are now fully integrated with journals and proceedings content. Over 300 titles are now available by either book or chapter.

ASCE Journals

Recognized worldwide as the core collection in the field, the ASCE Journals & Periodicals collection comprises all 35 plus ASCE Journals, including the new e-only Journal of Highway and Transportation Research Development.

Civil Engineering Magazine

'Civil Engineering Magazine' is the award-winning monthly flagship magazine of the American Society of Civil Engineers. Established in 1930, *Civil Engineering Magazine* appeals to a broad range of readers who represent the full spectrum of civil engineering disciplines: architectural, structural, geotechnical and geoenvironmental, transportation, coastal, environmental, and water resources. This magazine provides a compelling editorial mix of engineering projects and trends, engineering science, business and professional strategies, exploration of key issues, and news.
